By integrating the animation and reception team the volunteer will contribute to realize the different activities of FJT. The objectives are the following: to support the meetings among the young people who stay at the youth hostel by creating a dynamic around the places of collective life, to promote the mobility of the young people, to make them sensible of the European dimension and to take part in the construction of Europe.

The volunteer will be in contact with the youth who stays at the Youth Hostel and Foyer des Jeunes Travailleurs and with the employees. This proximity gives him/her the possibility to go further into his/her knowledge on the French culture, on the youth in general, our professional practice.
